

# TOGETHER WE CAN CHANGE THE WORLD

## DID YOU KNOW?

Mosquitoes transmitting malaria are one of the deadliest animals in the world<sup>1</sup>

Nearly half of the world's population is at risk of malaria

There were an estimated **445,000** deaths from malaria globally in 2016, with **30,000** in Asia<sup>2</sup>

In 2016, there were an estimated **15.2 million** cases of malaria in **Asia**

In 2016, India accounted for **80%** of malaria cases and **60%** of deaths in South East Asia<sup>2</sup>

World Malaria Day is commemorated each year on **April 25th** to raise awareness to defeat malaria

## MALARIA'S IMPACT ON FARMING

Crop yields fall by **48%** on average, when a smallholder is infected with malaria during harvest

People's incomes can drop by **50%**

Economic costs are **\$12 billion/year** in direct losses

The estimated economic burden from malaria in India is around **US\$1.9 billion**<sup>3</sup>

## PARTNERING TO DELIVER IMPACTFUL MOSQUITO CONTROL

Developed by Syngenta using advanced micro-encapsulated technology

A single application can control mosquitoes for at least **9 months**\*

Protected **~34 million** people in malaria endemic countries in 2017

Works on a wide range of surfaces. Excellent safety profile, low odour and non-staining

In use in **over 30 countries** including India, Malaysia, Malawi, Kenya, Indonesia, Philippines, Thailand, Angola and Zanzibar
